

City National Bank Jean Day

Our employees wanted to combine having fun with helping the community, so they came up with "Jean Day." Every Friday, employees have the option of wearing jeans to work. However, to wear jeans, they must donate money to a local organization. Employees meet and select local organizations that will receive the "Jean Day" money collected throughout the month.

If your organization is interested in receiving "Jean Day" money, please contact us at 246-2205.
